The 14th International Conference on Science, Computing, Chemistry & Management (ICSCCM 2024) aims to publish refereed, original research studies and articles that are well-written and describe the latest developments and research in the soft computing and computational mathematics area. The conference is broad-based and covers all branches of computing, mathematics, chemistry, management, and interdisciplinary research works. ICSCCM is a peer-reviewed conference. It is a continuation of the ICSCCM that was held successfully in hybrid form in Kuala Lumpur, Langkawi, Malaysia, and İstanbul, Türkiye.

All papers from the previous **ICSCCM conference series (Organized by the Science and Knowledge Research Society)**, that selected Scopus indexed journal publication, are published online in the **Scopus indexed journal**.

For information about the previous ICSCCM events and the journal publication process for them, you may refer to the website of the conference.
